The Board met with Marin King with SUNY College Environmental Science and Forestry to discuss a Pilot program/study that may help the Village with certain grants in the future. She will be doing a Community Design Studio in the spring of 2017. They work with local communities through Community Design to create everyday and extraordinary spaces for people and to engage people in the design process. The projects always involve community members and students. Ms. King explained the process at length. In checking with the state, Johnson City was suggested and they feel like it would be a good partnership. There will be a small financial cost to the Village.

The Board met with Village Grant Writer, Dai Newman about her resolutions (#151 & #152), the pagoda restoration and possible grant opportunities.
