PUBLIC HEARINGS

- [1] Local Law #7-2017, amending Chapter 264 of the Village Code entitled “Vehicles and Traffic” as follows: §264-98 (Schedule XIII: Handicapped Parking) to add Nassau Street-east side, House No. 46.

Mayor Deemie opened the public hearing.

David Kellam, Berkley Street – Stated that he had an anger problem when he lived at 42 Nassau Street. He has gotten help to control that anger. He has tried to clean up his property and work with the people on Nassau Street. Thinks it is disappointing that everyone can’t live in harmony there. The Board and the Police have worked to find the Smith’s a place for a handicap parking space for them. Wishes the anger would stop and the Smith’s would accept the space.

Melodie Smith, Nassau Street – Stated that the Mayor promised then a handicap space when their ramp went in and that he said it could go where ever she needed to have it. She has been trying to contact him to try and find out what the reasoning was to put it at #46 instead of #42. She will park at #46 once in a while. It is 10 more steps for her and she is having issues with her legs. From #42 she can pull into the driveway to pick her husband up but the bumper of the car hangs over the sidewalk. The ramp takes up their entire driveway. Mayor Deemie explained that he never promised her a specific location. He stated he would look into it and leave the decision where to the DPW and Police. He passed her information onto them for their information. Mayor Deemie stated that at the last meeting she stated she will not park in the space if it is at #46. Mrs. Smith stated that she will park there when she needs to but not all the time.

Trustee Meaney stated that the petition she submitted stated that they are in favor of the handicap space in front of 46 Nassau Street. Mrs. Smith stated that it says they wanted it in front of 42 Nassau Street. Trustee Meaney stated that no it does not and read the petition out loud.

Mayor Deemie closed the public hearing.

PETITIONS RECEIVED – Petition received from the residents of Nassau Street in favor of a handicap parking space in front of #46 Nassau Street.

PRIVILEGE OF THE FLOOR – VISITORS

Mayor Deemie opened the first privilege of the floor.

Corinna Johnson, Cook Street – Thanked the Mayor and Julie Deemie for all that they do. Many people are doing things in the Village that people are not aware of. Stated that Trustee Balles will be volunteering at National Night Out and Trustee King volunteers at the Lord’s Table.

VILLAGE OF JOHNSON CITY

Melodie Smith, Nassau Street – Asked about the paving at the end of her driving that they were promised. Mayor Deemie stated that Mr. Bennett knows about it and he will check on it.

Janet Brown, Nassau Street – Stated that she is a tenant at 42 Nassau Street and Code Enforcement has been to the property because of issues that were supposed to be taken care of last year and still have not be taken care of including the trash in the back yard. Stated that her landlord, Mr. Kellam, gave her an eviction letter tonight which she said he can't do because it is considered harassment if the reason he wants to evict her is because she expects him to live up to the Code Standards.

Julie Deemie, Zoa Avenue – Thanked the Johnson City Rotary for taking on Carousel Day. She stated they did a great job and are already talking about next year.

David Kellam, Berkley Street – Stated that he was issued a code citation (for Nassau Street) and he has until August 13th to get it cleaned up.

Janet Brown, Nassau Street – Asked if Code Enforcement decides to have a hearing is there a way for her to get that information so she can attend it. Mayor Deemie stated that he can find out how that works.

Mayor Deemie closed the first privilege of the floor.

A motion to appoint Charles Bruner as the electrical inspector until further notice was made by Trustee Walker and seconded by Trustee King.

PRIVILEGE OF THE FLOOR – VISITORS

Mayor Deemie opened the second privilege of the floor.

Trustee John Walker – Explained that he was not in favor of all of the bond resolutions although to move forward with considering purchasing and repairs he voted in favor of them. That it not to say, if and when the bids come in, that he will vote yes on the bids until all of his questions are answered.

Corinna Johnson, Cook Street – Stated that she appreciates board members explaining things before the public asks any questions.

Trustee John Walker – Explained that for the tower ladder truck, there is a \$750,000 grant out there that is a possibility that we might get. If we didn't pass the resolution tonight, that grant money is gone – we wouldn't have even been considered. Whether or not he votes for the bid for the truck, he will make that decision when the time comes.

Mayor Deemie – Explained that he goes through the agenda and trying to figure out what questions might be asked so he can get answers ahead of time.

Howard Newman, Reynolds Road – Regarding purchasing a new fire truck – how many independent repair shops affiliated directly with the salvation, reconstruction or rebuilding of fire trucks have any of the board members called in not related to the Village Board or fire fighters in this Village for an estimate. Trustee Walker explained that he asked for that numerous times - independent audits to look at all of our fire apparatus. Mr. Newman stated that is not his question. Trustee Meaney explained that every year that truck is tested by an independent agency to see if it will pass or fail. This year it passed. When the Chief was in during the budget process he wasn't sure if it was going to pass or not. What this resolution does is it gives us a funding mechanism in place in the event that we need to purchase this truck. It doesn't guarantee that we are going to purchase this truck. The average life expectancy for this truck is 20 – 25 years old. This truck is over 30 years old. Mayor Deemie stated none

VILLAGE OF JOHNSON CITY

and explained that he went and spoke to the mechanic regarding the truck because he was getting mixed messages on what the repairs were and were we in dire need of this being replaced. According to the mechanic and in his (Mayor's) estimate in talking to him, we could put money in it and it could be good for 5 – 10 years. Mr. Newman expressed his displeasure at this, stated it is frivolous and asked who would be paying the grant funds. Mayor Deemie explained that it is a state grant. Trustee Meaney stated that it is actually a federal grant. Mr. Newman asked how many fire fighters were hired under the SAFER grant. Mayor Deemie stated 5. Mr. Newman asked what 5 will leave to extend the tenure of the new fire fighters or are we going to maximize and reload the fire department. Mayor Deemie stated that won't be decided until August of next year. That is when the grant runs out. By that time we will know if there is anybody retiring. Mr. Newman asked in the past when we have taken the grant, how many left during that period of time. Mayor Deemie stated that they all stayed at the end of the grant. Trustee King stated that they all stayed through attrition, no one was added to the payroll – the payroll wasn't increased - and explained what had happened at that time with the grant he oversaw. Mayor Deemie stated that in the budget at that time he cut 3 fire fighters and the board voted to keep them which was \$200,000 in salaries that was added that year. Trustee Meaney stated that budget was a little less than the year before. Mr. Newman asked if it was a rumor or a fact that they want to already increase the wages of the new fire fighters under the SAFER Grant. Mayor Deemie explained that it was proposed to increase the starting salary because we were low compared to other local municipalities but that has been taken off of the table and is not being discussed at this time. Mr. Newman stated that this Village cannot afford that. Mr. Newman asked for each board member excluding the new ones to independently tell him what laws or accomplishments they have singularly take credit for in which the Village benefited from. Mayor Deemie stated that it is up to the board if they want to answer. Trustee Meaney stated that he puts a lot of effort into looking at the bills and making sure the tax dollars are being spent appropriately and in the best way they can. He has asked hundreds of questions about how the money is being spent. We had an issue with a truck stop popping up at the Oakdale Mall and he worked hard with Code Enforcement to remedy that. Unfortunately it has moved to another part of the Village and maybe we need to look at the Code. Mr. Newman asked for the name and location of the Village's busiest streets numerically. Mayor Deemie stated #1 would be Main Street, #2 would be Harry L. Drive, #3 would probably be Reynolds Road, Floral and Grand are busy too. There are over 20,000 cars that come through Main Street daily. Mayor Deemie explained that it is in the works for the design of Reynolds Road from Overbrook to the Village line and Harry L. Drive to from Oakdale to the Village line. Mr. Newman stated again that he wants to see a study done by independent contractors first to see the condition of the fire truck before the funds are spent.

David Kellam, Berkley Street – Asked who did the mill and pave on Main Street. Mayor Deemie explained that it was Bothar Construction. Main Street is NYS. Mr. Kellam asked how old the Justice Building is. Mayor Deemie stated it opened in 2002. There were areas of the roof that were not installed correctly along the edges. The stones need to be removed and flashing installed. The roof itself is good. It has been leaking for years. It is out of warranty. We are seeing what we can do legally. Mr. Kellam thanked the residents of Nassau Street for the petition and for the residents of 45 Nassau Street agreeing to use the space in front of 46 Nassau Street.

Julie Deemie, Zoa Avenue – Regarding Res. #140 (Bonding for the tower ladder truck) – Asked if the grant has been awarded. Mayor Deemie stated no, we won't know that until later in the

VILLAGE OF JOHNSON CITY

year. Mrs. Deemie asked if the grant won't be awarded for some time are we taking action – are we going out to order a new ladder truck tomorrow. Mayor Deemie and Trustee Walker explained no, it needs to go out to bid. This is just putting the funding in place. Mrs. Deemie asked if the borrowing takes place to go out to bid. Mayor Deemie explained that the borrowing will take place but what we don't use we will pay it back. Mrs. Deemie stated that there is still time for an independent person to look at the truck. Will that be done? Mayor Deemie stated that he believes everyone is in favor of that. Trustee King explained that they looked at a new cab and chassis but we didn't find out in time to look at that. Mrs. Deemie stated that there time for a study to be done before this vote. Trustee Meaney stated that he believes that would have to come from the Chief or the Mayor because the board can't direct anyone to do that. Trustee Walker stated that Mrs. Deemie sat through the budget meetings and heard his request at that time to do that audit/study. Trustee King stated that the International Association of Fire Fighters (IAFF) is doing an evaluation but that does not meet the criteria of being independent as Mr. Newman requested.

Howard Newman, Reynolds Road – Expressed his displeasure at the IAFF doing an evaluation and stated that is a dereliction of the board's duties. Trustee Meaney stated that during the last abstract we paid a bill for an independent firm that came in and tested the structural integrity of the ladder. It is done every year and it passed. Trustee Walker stated that is for the ladder not the entire truck. Trustee Walker and Mr. Newman went back and forth about rust on the truck and Trustee Walker's experience as a volunteer fire fighter. Mayor Deemie stated he went and looked at the truck himself and feels that most everything he saw could be repaired. He asked the mechanic about the rusty frame that is falling apart and was told that the frame has rust by the back wheels where the paint is peeling off of it but without integrity testing the metal it looks like paint peeling off it and it got rusty. There could be other issues with it. He did reach out and will continue to look for a firm to do an independent audit.

Mayor Deemie closed the second privilege of the floor.

ADJOURNMENT

Mayor Deemie adjourned the meeting at 8:25pm.
